Finishes

Oil Rubbed Bronze

ORB

Dark brown with some gentle highlights where applicable, additional highlights can be requested to make a more bold/high contract effect.

Almost Black

BLK

As black as we can make it, it will appear black to most people. Usually no highlights. Highlights can be requested to make a VERY bold/high contract effect.

Antique Brass/Bronze

AB

Parts are kept in base material, of Brass or Bronze and given an antique appearance. We do not brass plate, so please look at pictures to make sure you get the appearance you desire.

Distressed Copper

DC

Part is completely copper plated, and given an aged appearance. Bare copper spouts are antiqued in house.

Brushed Pewter

BP

Part is Pewter plated and antiqued in straight lines to give a brushed appearance. Only items with straight lines can be Brushed Nickel. Modern Pewter is a Tin Alloy, is food and water safe, corrosion resistant, and used as a plating material for cooking utensils.

Antique Pewter

AP

Part is Pewter plated and antiqued and given a general aged appearance only curvy things can be Antique Pewter. Modern Pewter is a Tin alloy, is food and water safe, corrosion resistant, and used as a plating material for cooking utensils.

Other Special Finish

Spec

This is a range of finishes from Verde, Living Verde, 'Old', and are cases where the customer is looking for a specific theme vs a color. We've done a few color changes for customers, the first thing we do is call and ask what they are trying to achieve, and from there we discuss and come to an option, it's unique to the customer so you may not want to offer it.

If you have ANY questions about finished please contact us,
we do this all the time, so we're pretty good helping you get the right look.
